

Press release: 6 July 2004

Spirit Data Capture launches Intelligent Support Limited

Spirit Data Capture, the Cheshire based independent IT solutions house, has launched Intelligent Support Limited. This new company provides customer care services for mobile computing and other data collection devices. Intelligent Support is committed to delivering customer focused support services – quickly and cost effectively. As well as standard off-the-shelf customer care services, the company can tailor solutions to suit individual requirements.

Intelligent Support provides pre-installation, installation and post-installation support for mobile computing and data collection systems. Value added services include Business Process Reviews, Site Surveys, Pre-configuration and Staging – for systems preparation and testing. For further information, visit www.i-support.co.uk or call 0870 166 2441.

Jonathan Bremner, Operations Manager of Intelligent Support commented: “We have a commitment to delivering exceptional customer service. Intelligent Support fits perfectly with this strategy.”

Editor's notes

Intelligent Support is part of the Spirit Data Capture group of companies and is based in Preston Brook, Cheshire. Spirit Data Capture is a totally independent mobile computing and data capture house, with in-depth knowledge of the latest wireless and mobile computing technologies which boost productivity and profitability. Its services include planning, design and development, implementation, and support.
