

## **Ten ways to transform your business with **Wifi****

The benefits of a wireless infrastructure from Spirit include:

## 1. No hassle

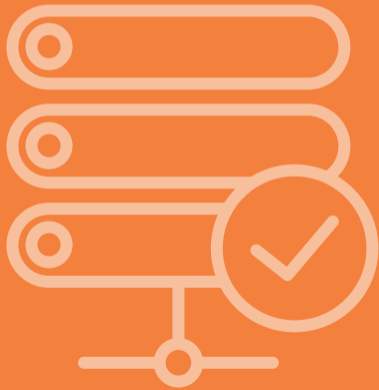

We provide a complete, end-to-end wireless solution, enabling you to focus on your core business.

## 2. A straightforward start

We make life easier for you by conducting the radio frequency (RF) site survey, incorporating industry best practices.

### 3. An expert installation

Spirit has implemented wireless solutions throughout the UK and Europe and we work with all the leading suppliers.

## 4. Hardware provisioning

We'll also source, assemble, configure and install your RF hardware devices (including GPRS and Wifi settings).

## 5. Cost savings

Our professional expertise eliminates the need for expensive, in-house resources: we provide everything you need.

## 6. Great performance

We ensure that your wireless infrastructure provides maximum coverage and performance across your site.

## 7. Assured reliability

We provide health checks to ensure that there's no degradation in the performance of your wireless infrastructure.

## 8. Powerful management

Spirit offers four options for managing your wireless infrastructure so that it meets current and future needs.

## 9. Enhanced security

We'll advise you about the most effective solutions for maintaining the security of your wireless network.

## 10. Advanced troubleshooting

We provide the tools that enable you to locate and resolve any network issues quickly and efficiently.
